PROFILE

I am a Frontend Developer with hands-on experience in building modern, responsive, and user-friendly web applications using React, Next.js, TypeScript, and Tailwind CSS. I have strong skills in component-based UI design and state management with Redux. I recently completed my BS in Computer Science from Sindh Madressatul Islam University (SMIU) and am currently completing my frontend internship at Decotechs, where I am gaining real-world experience in modern frontend technologies, Git version control, and collaborative development workflows. I'm passionate about writing clean code, learning new tools, and building products that combine performance and design.

PROFESSIONAL EXPERIENCE

Frontend Developer Intern — Decotechs
Oct 2025 – Present | Karachi, Pakistan
- Working on responsive and scalable web apps using **Next.js, TypeScript, and Tailwind CSS**.
- Implemented reusable components and handled dynamic routing in Next.js.
- Used **Git & GitHub** for collaborative version control.
- Applied **Redux** for basic state management and improved app interactivity.
- Collaborating with senior developers on frontend architecture and UI optimization.

Frontend Developer — 360 TechSolution
Jul 2021 – Oct 2021 | Karachi, Pakistan
- Developed responsive websites using **HTML, CSS, JavaScript, and Bootstrap**.
- Fixed UI/UX bugs and improved front-end performance.
- Collaborated with team members on corporate client projects.
- Participated in agile sprints and team discussions.
